## Revolving Credit Facility for Business

## Revolving Credit Facility

Increasingly there is a 'one size fits all' approach to lending with capital interest loans offered that are not best suited to SME's looking for working capital.

Let us introduce you to a Revolving Credit Facility (RCF) that is interest-only for for a full 12 months and offers a market leading rate of just 0.05% / 0.075% per day. It works like a bank overdraft, and you only pay for the fund if you draw it down, and only for as long as you need it. This means you can pre-arrange the level of funding required, without interest charges until you actually need the funds.

1

### LOW RATE

Fixed Low lending Rates from only 0.075% per day

2

### INTEREST ONLY

A Revolving Credit Facility with no monthly capital repayments ...

3

### INSTANT FUNDS

Quick decisions, Immediate funding facility, up to £500,000

### Low rate business loans

Alternative business loans. We say YES when the banks refuse.

### Merchant cash advance

Access cash from you card machine without disrupting Cashflow

### Property finance and Bridging

Commercial and Investment mortgages plus Bridging options

We understand that it is often difficult for a growing business to both create additional free flow cash to be able to service the interest, while at the same time generate profit for repayments. Instead of being locked into expensive monthly capital repayments, you could be paying back capital when it suits you...Let us introduce you to a Revolving Credit Facility (RCF) that is interest-only for for a full 12 months and offers a market leading rate from just 0.05% per day. It works like a bank overdraft, and you only pay for the fund if you draw it down, and only for as long as you need it. This means you can pre-arrange the level of funding required, without interest charges until you actually need the funds.

Best of all, when you do need the funds, you only have to pay the weekly interest until you're in a position to repay the capital, during the full 12 months. And it's renewable should you need funding for longer. Credit limits are available between £10,000 and £500,000\* and funds are transferred promptly\*\*.

The funds can be used for a range of purposes; from moving premises and recruitment, to salaries and Crown Debt. Any capital repaid is immediately made available again as credit, making it a truly revolving facility.
