

Business Cash Advance

Funding to keep your business rolling

Business Cash Advance

Lend against future sales, whilst always protecting your business Cashflow..

Are you looking for a lump sum of cash to support the working capital of your business? Business cash advance is an alternative to traditional finance, if your taking payment by debit or credit card then you are able to raise a cash lump sum which can be used as you wish. Repayment is an agreed percentage of the business debit and credit card takings, and follows the performance of the business.

A Funding line that works with your Cashflow hand in hand

Quick decisions

Funding within days, not weeks. Cleared funds within hours..

Low rate

Access to the whole Alternative finance market with the lowest rates.i

Business Cash Advance

A true alternative to business loans..

This is a cashflow friendly alternative and works well for businesses in the hospitality and retail sectors, and businesses looking to invest in stock, equipment or refurbishment.

Your business could borrow between £5,000 and £200,000 and repayments are designed to mirror your cash flow, so when sales are better more is repaid. When sales are lower therefore less is repaid. Working hand in hand with your Cashflow.

Agree one, upfront all-inclusive cost that never changes.

- 90% approval rate
- Approval within 24 hours
- No APR or other hidden charges
- No security or business plan required
- Apply for a business cash advance over the phone or online in minutes
- Flexible repayments based on your debit & credit card sale

Am I eligible to receive a merchant cash advance?

- Your business must be trading for a minimum of 6 months;
- Minimum monthly credit and/or debit card sales of £5,000.

Cashflow friendly Alternative Business finance.
